CONCENTRATED KITCHEN HYGIENE PRODUCTS

K1 CONC K1

Concentrated Hand Washing Detergent (USED WITH SPECIAL DILUTING APPARATUS)

- * Used for washing dishes by hand, suitable for industrial use.
- * Provides hygiene thanks to the antiseptic agents it contains.
- * With its strong formula, it easily removes the toughest grease and dirt from the dishes.
- * The amount of surfactant is high, the foam is plentiful and permanent.
- * Suitable for skin pH; It is fragrant with its effective perfume.

Weight : 5 kg
 Package : 4 x 5 kg
 pH : 6-7

Weight : 1,5 kg
 Package : 6 x 1,5 kg
 pH : 6-7

K2 CONC K2

Concentrated QAC Based Cleaning and Hygiene Product (USED WITH SPECIAL DILUTING APPARATUS)

- * It is a cleaning and hygiene product used for the hygiene of industrial kitchens and equipment.
- * It can be used safely on all kinds of surfaces.
- * Since it is a concentrated product, it is used by diluting at high rates with a SPECIAL DILUTING APPARATUS.

Weight : 5 kg
 Package : 4 x 5 kg
 pH : 9-10

Weight : 1,5 kg
 Package : 6 x 1,5 kg
 pH : 9-10

K3 CONC K3

Concentrated Oil and Dirt Remover for Kitchen Surfaces (USED WITH SPECIAL DILUTING APPARATUS)

- * It is a highly alkaline, foamy cleaning agent developed for daily and periodic use in heavily polluted areas in the food, beverage, milk and dairy products sectors.
- * It is recommended to apply K3 to the areas with stubborn burnt dirt such as frying pans, ovens and smoking rooms.
- * It can also be used for periodic detailed cleaning of wheelbarrows, conveyors and other heavy equipment.
- * Since it is a concentrated product, it is used by diluting at high rates with a SPECIAL DILUTING APPARATUS.
- * It is a heavy duty cleaning agent. Penetrates and removes stubborn burnt dirt.
- * Suitable for cleaning immersion tanks.

Weight : 7 kg
 Package : 4 x 7 kg
 pH : 12-13

Weight : 1,5 kg
 Package : 6 x 1,5 kg
 pH : 12-13

K4 CONC K4

Concentrated Burnt Oil and Carbon Remover (Suitable for Cold Surfaces) (USED WITH SPECIAL DILUTING APPARATUS)

- * It is a highly alkaline, foamy cleaning agent developed for daily and periodic use in heavily polluted areas in the food, beverage, milk and dairy products sectors.
- * It is particularly effective in facilitating the purification process by penetrating the dirt thoroughly during the cleaning of heavily carbonized/burned and polymerized dirt residues.
- * It is recommended to apply K4 to areas with stubborn burnt dirt such as frying pans, ovens and smoking rooms.
- * Since it is a concentrated product, it is used by diluting at high rates with a SPECIAL DILUTING APPARATUS.
- * It can also be used for periodic detailed cleaning of wheelbarrows, conveyors and other heavy equipment.
- * It is a heavy duty cleaning agent. Penetrates and removes stubborn burnt dirt.
- * Suitable for cleaning immersion tanks.

Weight : 7 kg
 Package : 4 x 7 kg
 pH : 12-13

Weight : 1,5 kg
 Package : 6 x 1,5 kg
 pH : 12-13

K5 CONC K5

Concentrated Chlorine Containing Oil and Dirt Remover (USED WITH SPECIAL DILUTING APPARATUS)

- * It is suitable for daily cleaning of areas where a combination of protein and oily dirt is concentrated at, such as food production facilities, meat and chicken slaughterhouses, fish industries, beverage and dairy industries.
- * Since it is a concentrated product, it is used by diluting at high rates with a SPECIAL DILUTING APPARATUS.
- * It can be used to clean floors, walls, cutting/shredding tables, filling lines, conveyors and other production equipments.
- * K5; It is highly effective against a wide range of food contaminants including protein, animal and vegetable oils and blood. The presence of chlorine in its content also eliminates organic and vegetable-based stains and the problem of "protein layer" formation. It is effective in removing dense fats and proteins.
- * Helps to prevent the formation of protein base. Thanks to the hardness binders, it is suitable for use in hard water.

Weight : 6 kg
 Package : 4 x 6 kg
 pH : 12-13

Weight : 1,5 kg
 Package : 6 x 1,5 kg
 pH : 12-13

DISHWASHING PRODUCTS

KC 001 EQUINOX

Hygienic Hand Dishwashing Detergent

- * Used for hand dishwashing, suitable for industrial use.
- * With its strong formula, it easily removes the toughest grease and dirt from the dishes.
- * The amount of surfactant is high, the foam is plentiful and permanent.
- * Suitable for skin pH; It is fragrant with its effective perfume.

Weight : 20 kg
Package : 1 x 20 kg
pH : 6-7

Weight : 5 kg
Package : 4 x 5 kg
pH : 6-7

Weight : 1 lt
Package : 6 x 1 lt
pH : 6-7

KC 002 SUN (Yellow)

Concentrated Hand Washing Detergent

- * Used for hand dishwashing, suitable for industrial use.
- * With its strong formula, it easily removes the most difficult grease and dirt from the dishes.
- * Its foam is abundant and permanent.
- * It is suitable for the pH of the skin.
- * It is fragrant.

Weight : 20 kg
Package : 1 x 20 kg
pH : 6-7

Weight : 5 kg
Package : 4 x 5 kg
pH : 6-7

KC 002 SUN (Green)

Concentrated Hand Washing Detergent

- * Used for hand dishwashing, suitable for industrial use.
- * With its strong formula, it easily removes the most difficult grease and dirt from the dishes.
- * Its foam is abundant and permanent.
- * It is suitable for the pH of the skin.
- * It is fragrant.

Weight : 20 kg
Package : 1 x 20 kg
pH : 6-7

Weight : 5 kg
Package : 4 x 5 kg
pH : 6-7

DISHWASHER WASHING AND AUXILIARY PRODUCTS

KC 003 MATIK

Industrial Dishwasher Detergent

- * It is used with special dosage equipment in industrial type dishwashers.
- * With its special formula, it prevents calcification caused by hard water in dishwashers.
- * It prevents the formation of water stains especially on sensitive materials such as glass and porcelain.
- * Thanks to its special formula, it cleans difficult stains such as oil, starch, protein easily and quickly.
- * Prevents dirt from adhering to the cleaned surface again.

Weight : 23 kg
Package: 1 x 23 kg
pH : 12-13

Weight : 5,75 kg
Package : 4 x 5,75 kg
pH : 12-13

KC 005 RINS

Industrial Dishwasher Rinsing Agent

- * It is used with special dosage equipment in industrial type dishwashers.
- * Thanks to its adjusted pH, it provides rinsing of detergent residues.
- * Kirin; prevents it from sticking to the cleaned surface again.
- * Thanks to its special formula, it provides fast and spotless drying of sensitive surfaces such as glass and porcelain.

Weight : 20 kg
Package : 1 x 20 kg
pH : 2-3

Weight : 5 kg
Package : 4 x 5 kg
pH : 2-3

KC 004 MATIK GOLD

Industrial Dishwasher Detergent
(For sensitive surfaces)

- * It is used with special dosage equipment in industrial type dishwashers.
- * With its special formula, it prevents calcification caused by hard water in dishwashers.
- * It prevents the formation of water stains especially on sensitive materials such as glass, porcelain, aluminum and copper.
- * Thanks to its special formula, it easily cleans difficult stains such as oil, starch, protein.
- * It prevents dirt from adhering to the cleaned surface again.

Weight : 25 kg
Package : 1 x 25 kg
pH : 12-13

Weight : 12,5 kg
Package : 1 x 12,5 kg
pH : 12-13

KC 006 RINS GOLD

Industrial Dishwasher Rinsing Agent
(For glasses)

- * It is used with special dosage equipment in industrial type dishwashers.
- * Thanks to its appropriate pH, it provides rinsing of detergent residues.
- * Prevents dirt from adhering to the cleaned surface again.
- * Thanks to its special formula, it provides fast and spotless drying of sensitive surfaces such as glass, porcelain, aluminum and copper.

Weight : 20 kg
Package : 1 x 20 kg
pH : 2-3

Weight : 10 kg
Package : 1 x 10 kg
pH : 2-3

KC 031 SOLID

Solid System Dishwasher Agent

- * It is a solid concentrated dishwashing product developed for solid system dishwashers.
- * It uses with automatic dosing system.
- * With its strong formula, it easily removes the most difficult grease and dirt from the dishes.
- * Suitable for use with all kinds of water with water hardness up to 300 F.
- * Not suitable for washing soft metal materials.

Weight : 3,6 kg
Package : 4 x 3,6 kg
pH : 12-13

KC 032 MATIK SENSITIVE

Industrial Dishwasher Detergent
(Suitable for Aluminum and Copper Metals)

- * It is used with special dosage equipment in industrial type dishwashers.
- * With its special formula, it prevents calcification caused by hard water in dishwashers.
- * It has been developed especially for use in sensitive materials such as aluminum and copper.
- * Thanks to its special formula, it easily cleans difficult stains such as oil, starch, protein.
- * It prevents dirt from adhering to the cleaned surface again.

Weight : 10 kg
Package : 1 x 10 kg
pH : 12-13

KC 030 MATIK CHLOR

Chlorinated Industrial Dishwasher Detergent

- * It is used with special dosage equipment in industrial type dishwashers.
- * With its special formula, it prevents calcification caused by hard water in dishwashers.
- * It prevents the formation of water stains especially on sensitive materials such as glass and porcelain.
- * Thanks to the active chlorine it contains, it cleans difficult stains such as oil, starch, protein easily and quickly.
- * Prevents dirt from adhering to the cleaned surface again.

Weight : 11,5 kg
Package : 1 x 11,5 kg
pH : 12-13

KC 010 ANTILIME

Industrial Dishwasher Descaler

- * It is used to remove the lime that causes energy loss and shortens the life of the machines.
- * It prevents the formation of lime in regular use. Thus, the equipment works more efficiently.
- * It increases the washing quality by removing the blockages in the resistances, pipeline and spray tips.

Weight : 20 kg
Package : 1 x 20 kg
pH : 0-1

Weight : 5 kg
Package : 4 x 5 kg
pH : 0-1

KC 033 LIME OUT

Powder Lime and Scale Remover
(Suitable for Tea Maker and Bain-marie)

- * It can be used in Kettle, tea maker and double boiler; It is a powder product specially formulated to dissolve the accumulated lime and sediment layers.
- * While it dissolves the limes easily, it provides an eye-catching shine. It dissolves the lime from the machine and throws it away. It delays the accumulation of lime and sediment in regular use.

Weight : 1 kg
Package : 9 x 1 kg
pH : 1-2

KC 012A PREMIER ACTION

Stain Remover Pre-Dip Agent

- * Formulated for stubborn dirt that is able to be cleaned during washing.
- * Easily cleans stains such as dried starch, protein, oil.
- * Provides hygiene thanks to the chlorine it contains.
- * It is especially effective on tea and coffee stains.
- * It is also used in industrial dishwashers with special dosage equipment.

Weight : 23 kg
Package : 1 x 23 kg
pH : 12-13

Weight : 5,75 kg
Package : 4 x 5,75 kg
pH : 12-13

KC 012 PREMIER

Stain Remover Pre-Dip Agent

- * Formulated for stubborn dirt that is able to be cleaned during washing.
- * Easily cleans stains such as dried starch, protein, oil.
- * Provides hygiene thanks to the chlorine it contains.
- * It is especially effective on tea and coffee stains.
- * It is also used in industrial dishwashers with special dosage equipment.

Weight : 20 kg
Package : 1 x 20 kg
pH : 12-13

Weight : 5 kg
Package : 4 x 5 kg
pH : 12-13

KC 012P PREMIER POWDER

Powder Starch and Protein Pre-Dipping Solvent

- * It shows superior performance in cleaning the stains that have dried over time and cannot be removed in daily washings, and the stains of tea. It can be used safely on porcelain dishes such as glasses and plates.
- * Thanks to strong oxygen bleaches, it dissolves heavy frozen oil and dry food residues and provides hygiene. It is effective in removing tannin stains such as tea, coffee, fruit juice. Contains oxygen bleach instead of chlorine bleach.

Weight : 10 kg
Package : 1 x 10 kg
pH : 12-13

Weight : 1 kg
Package : 9 x 1 kg
pH : 12-13

KC 009 IRIS

Gel Dishwasher Detergent

- * Used in dishwashers; It is a detergent that allows you to achieve the perfect shine and cleanliness you want without the need for polishing, with its fast-dissolving gel formula.
- * Thanks to the glass protection power; It protects your dishes against glass wear caused by powder detergents.
- * Your glasses are protected with every wash, they are not scratched and provided shine for a longer time.

Weight : 1 lt
Package : 6 x 1 lt
pH : 8-9

KC 011 HUNTER POWDER

Dirt and Scale Remover for Dishwashers
Auxiliary Washing Agent

- * It is effective in removing dried tea, coffee, fruit juice, lipstick and tannin stains.
- * Polishes metal equipment and effectively cleans protein stains.

Weight : 1 kg
Package : 9 x 1 kg
pH : 12-13

KC 026 SCAN POWER

Porcelain Metal Scratch Remover

- * It removes cutlery scratches formed over time on porcelain plates that cannot be removed with standard washing and bleaching agents by dipping method.
- * For industrial use.
- * Does not damage the polish and glaze layer on porcelain.

Weight : 5 kg
Package : 2 x 5 kg
pH : 0-1

KITCHEN OIL AND DIRT REMOVER

KC 034B GRILL SOFT

Alkaline-Free Oil Remover

Suitable for Aluminum and Soft Metals and Glass Built-ins

- * It is a ready-to-use, safe degreaser for cleaning oil and carbonized dirt formed in kitchen equipment such as grills, ovens, hobs, pans and inside of dishwashers.
- * It is effective in cleaning the daily oil and dirt in the food production facility.
- * Quickly acts on oily dirt.
- * Suitable to be used in aluminum, soft metals and glass equipments.

Weight : 5 kg
Package : 4 x 5 kg
pH : 12-13

Weight : 1 Lt
Package : 6 x 1 Lt
pH : 12-13

KC 016 GRILL COLD

Cold Surface Oil and Carbon Remover

- * Easily cleans heavy oils from kitchen equipment such as hobs, ovens, grills, fryers and hoods without the need for heating.
- * Thanks to its dense and permanent foam, it easily clings to vertical surfaces and removes oil in a shorter time.
- * Thanks to its special formula, it does not require rubbing or scraping; It saves time and labor.

Weight : 20 kg
Package : 1x 20 kg
pH : 13-14

Weight : 5 kg
Package : 4 x 5 kg
pH : 13-14

Weight : 1 Lt
Package : 6 x 1 Lt
pH : 13-14

KC 017 GRILL HEAVY

Hot Surface Oil and Carbon Remover

- * It is a foamy liquid used for cleaning heavy and carbonized oils.
- * It easily cleans heavy oils in kitchen equipment such as stove, grill, oven, grill, deep fryer.
- * It gives more effective results on hot surfaces.

Weight : 20 kg
Package : 1 x 20 kg
pH : 13-14

Weight : 5 kg
Package : 4 x 5 kg
pH : 13-14

Weight : 1 Lt
Package : 6 x 1 Lt
pH : 13-14

KC 035 GRILL OFF

Alkaline Neutralization Liquid

- * It is a special product developed for removing the residues of alkaline oil removers after cleaning the oil and carbonized dirt in kitchen equipment such as grills, ovens, stoves, pans and the inside of dishwashers.
- * Rinsing is very important especially in the cleaning of daily oil and dirt in the food production facility.
- * Provides ease of rinsing. It gives shine to the surface.

Weight : 1 Lt
Package : 6 x 1 Lt
pH : 1-2

KC 014 WEAY

Heavy Dirt and Degreaser / Suitable for Immersion

- * It is formulated for cleaning the carbonized oils formed in kitchen equipment by dipping method.
- * It easily cleans the carbonized oil formed in the baking trays and frying pans.
- * Not suitable for aluminum surfaces.

Weight : 20 kg
Package : 1 x 20 kg
pH : 13-14

Weight : 5 kg
Package : 4 x 5 kg
pH : 13-14

KC 015 GRILL

Foamy Burnt Oil and Dirt Remover

- * It is a foamy liquid used for cleaning heavy and carbonized oils.
- * It easily cleans heavy oils in kitchen equipment such as stove, grill, oven, grill, deep fryer.
- * It gives more effective results on hot surfaces.

Weight : 20 kg
Package : 1 x 20 kg
pH : 12-13

Weight : 5 kg
Package : 4 x 5 kg
pH : 12-13

KC 014P WEAY POWDER

Powder Oil and Dirt Remover Suitable for Dipping

- * It is used to remove oil and impurities from the surfaces where it is used.
- * In addition, it has a superior effect in the purification of all oily materials.
- * It has superior cleaning feature by dissolving in hot water.
- * It is applied by spraying.

Weight : 10 kg
Package : 1 x 10 kg
pH : 12-13

Weight : 1 kg
Package : 9 x 1 kg
pH : 12-13

KC 018 EQU

Oil and Dirt Remover Foamy Liquid

- * It is a foamy product used to remove heavy oil and dirt.
- * It is effective in cleaning the daily oil and dirt in the food production facility.
- * It gives effective results in cleaning the oil and dirt formed on floors, work benches, hoods, meat and chicken slaughterhouses, thermoboxes and crates.

Weight : 20 kg
Package : 1 x 20 kg
pH : 12-13

Weight : 5 kg
Package : 4 x 5 kg
pH : 12-13

KC 007 MAGIC OVEN

Industrial Oven Cleaning Agent

- * It is designed for use in automatic cleaning systems of ovens and daily cleaning in convection ovens.
- * It can be applied in both hot and cold temperatures.
- * It is a super concentrated washing product. In the most stubborn dirt cleaning it removes cooking, baking and grilling residues at once, thus saving time and labor.
- * It is used in all automatic cleaning ovens.

Weight : 11 kg
Package : 1 x 11kg
pH : 12-13

KC 008 OVEN RINS

Industrial Oven Rinsing Agent

- * It is designed for use in automatic cleaning systems of ovens and daily cleaning in convection ovens.
- * It can be applied in both hot and cold temperatures.
- * It is a super concentrated rinse product.
- * It is used in all automatic cleaning ovens.

Weight : 10 kg
Package : 1 x 10 kg
pH : 2-3

KITCHEN HYGIENE PRODUCTS

Equinox

CERAMICA

CERAMIC & GLASS HOB CLEANER

It has been specially developed to clean your ceramic and glass hobs. Thanks to its strong and special content, it easily cleans stains, creates a protective layer on the surface and provides an eye-catching shine. The particles in its content do not cause scratches on the surfaces, it provides extra care! It is your biggest assistant in the kitchen, easily cleaning the stains, burnt food and oil in the most difficult areas.

It is not used on Teflon surfaces, embossing and patterns.

400 ml (6 Pcs./Box)

KC 023 BRIGHT

Metal Surface Cleaning and Care Cream

- * It is used for cleaning and maintenance of external surfaces of all kinds of stainless steel equipment.
- * Removes oil, dirt and rust without scratching metal surfaces.
- * The film layer formed on the surfaces, renews the shine of metals, delays contamination.

Weight : 400 ml
Package : 6 x 400ml
pH : 3-4

KC 024 INOX SHINE

Stainless Surface Polisher

- * It is used for cleaning and maintenance of stainless steel surfaces.
- * It creates a layer that provides shine on metal surfaces and delays recontamination.

Weight : 5 Lt
Package : 2 x 5 Lt
pH : 7-8

Weight : 1 Lt
Package : 6 x 1 Lt
pH : 7-8

KC 041 INOX CLEAN

Stainless Surface Cleaner and Polisher

- * It is used for cleaning and maintenance of stainless steel surfaces.
- * It creates a layer that provides shine on metal surfaces and delays recontamination.

Weight : 5 Lt
Package : 2 x 5lt
pH : 7-8

Weight : 1 Lt kg
Package : 6 x 1 Lt
pH : 7-8

AR 012 A990 INOX SHINE

Stainless Metal Cleaner and Polisher Aerosol

- * It is used for cleaning and maintenance of stainless steel surfaces.
- * Aerosol feature provides ease of use.
- * It creates a layer that provides shine on metal surfaces and delays recontamination.

Weight : 500 ml
Package : 12 x 500 ml
pH : 7-8

KC 025 PIPE ON

Sink and Drain Opening Liquid
(Use with Cold Water)

- * Easily opens clogged sinks and drains with oil, dirt, textile and paper waste.
- * It is poured enough into clogged sinks and drains and rinsed with cold water.

Weight : 9 kg
Package : 4 x 9 kg
pH : 0-1

Weight : 1,8 kg
Package : 6 x 1,8 kg
pH : 0-1

KC 039 DRAIN

Sink and Drain Opening Liquid
(Use with Hot Water)

- * Easily opens clogged sinks and drains with oil, dirt, textile and paper waste.
- * It is poured into clogged sinks and drains and rinsed with hot water.

Weight : 7 kg
Package : 4 x 7 kg
pH : 0-1

Weight : 1,4 kg
Package : 6 x 1,4 kg
pH : 0-1

KITCHEN HYGIENE PRODUCTS

KC 013 FOOD

Vegetable, Fruit Cleaning and Hygiene Product

- * It is a chlorine-based product used in pre-process hygiene of vegetables and fruits in food businesses.
- * Does not cause color, odor and taste changes in foodstuffs.
- * It is used with special dosing equipment due to its high concentration.

Weight : 5 kg
Package : 2 x 5 kg
pH : 12-13

Weight : 1 kg
Package : 6 x 1 lt
pH : 12-13

KC 019 MICRO

QAC Based Hygiene and Cleaning Product

- * It is suitable for cleaning bathrooms, toilets and showers in places that hygiene is required such as hospitals and schools.
- * Provides effective hygiene thanks to the quarternary ammonium it contains.
- * With its concentrated formula; It gives successful results in swap tests even at very high dilution ratios (1%). Requires rinsing.
- * In food production facilities; It provides hygiene and cleaning in one step.
- * It can be used on every surface that foodstuffs come into contact with.

Weight : 20 kg
Package : 1 x 20 kg
pH : 9-10

Weight : 5 kg
Package : 2 x 5 kg
pH : 9-10

KC 020 MICRO FF

Chlorine Based Hygienic Cleaner with Foam

- * It is used in cleaning and hygiene of heavy oil and dirt formed in food enterprises, meat and chicken slaughterhouses.
- * Due to its abundant foam, it easily removes oil and dirt by clinging to vertical surfaces.
- * Especially eliminates mold and fungus, delays their formation; Therefore, it prevents the formation of bad odors.
- * It is recommended to use with special foaming equipment. It is also effective in dipping, wiping and brushing methods. Requires rinsing.

Weight : 20 kg
Package : 1 x 20 kg
pH : 12-13

Weight : 5 kg
Package : 4 x 5 kg
pH : 12-13

KC 021 SANITA

QAC Based Hygienic Rinsing Agent

- * It is a rinsing product used for the hygiene of food businesses and equipment.
- * It can be used safely on all kinds of surfaces.
- * Since it is a concentrated product, it is applied by diluting at high rates.
- * Does not require rinsing.
- * Suitable for mop hygiene.

Weight : 20 kg
Package : 1 x 20 kg
pH : 7-8

Weight : 5 kg
Package : 2 x 5 kg
pH : 7-8

Weight : 1 lt
Package : 6 x 1 lt
pH : 7-8

KC 022 ALCOHOL PLUS

Alcohol Based Hygienic Surface Cleaner

- * It is used for cleaning and hygiene of kitchen equipment and other hard surfaces.
- * It ensures the hygiene of equipment such as tables and chairs in the service areas.
- * Thanks to its easy use, it saves labor.
- * It dries quickly on surfaces and does not require rinsing.

Weight : 20 lt
Package : 1 x 20 lt
pH : 7-8

Weight : 5 lt
Package : 2 x 5 lt
pH : 7-8

Weight : 1 lt
Package : 6 x 1 lt
pH : 7-8

KITCHEN HYGIENE PRODUCTS

BARISTA SERIES

BARISTA SERIES

KC 029 NOX COFFEE

Coffee oils formed in the coffee machine, coffee grounds (ground) limescale and bad odors are easily removed. It provides a longer life of the machine.

1 kg (9 Pcs./Box)

KC 029 NOX DESCALE

Limescale causing energy loss in plastic pipes, steam wands and the resistors is removed. Prolongs life of your machine.

1 lt (6 Pcs./Box)

KC 028 NOX MILKY

Milk and protein residues, bacteria and blockages that present in plastic pipes and steam wands are removed. Prolongs the life of your machine.

1 lt (6 Pcs./Box)
